

SCREAM QUEENS

AUDITION MONOLOGUE

(She takes off her coat, revealing a new dress to her boyfriend sitting in a chair.) Check me out. You like it? *(Twirling around)* I picked it out just for you ... *(He's not reacting)* If you come over here, I'll let you take it off ... *(He's still not reacting)* Seriously? I'll let you use the whip cream... *(Still nothing)* Can we forget about this morning? I didn't tell Amber anything you said, not a word. And besides, even if I did, Troy is the one who couldn't keep it in his pants, so this is really all his fault. *(Still nothing)* Hey! Are you gonna ignore me for the rest of the night? Hello? *(Something's wrong.)* Honey? Baby? *(She realizes her boyfriend in front of her is dead, and SCREAMS in terror.)*

(From behind her a voice booms out: "DON'T MOVE")

(She SCREAMS again, and then sees something even more horrifying than the dead boyfriend in front of her.) Please, please, no! No! *(Her screams flood with tears as she implodes, her world about to end.)*
